Wanna make some of your money back?

(

Got a pair of short shorts for me to wear?

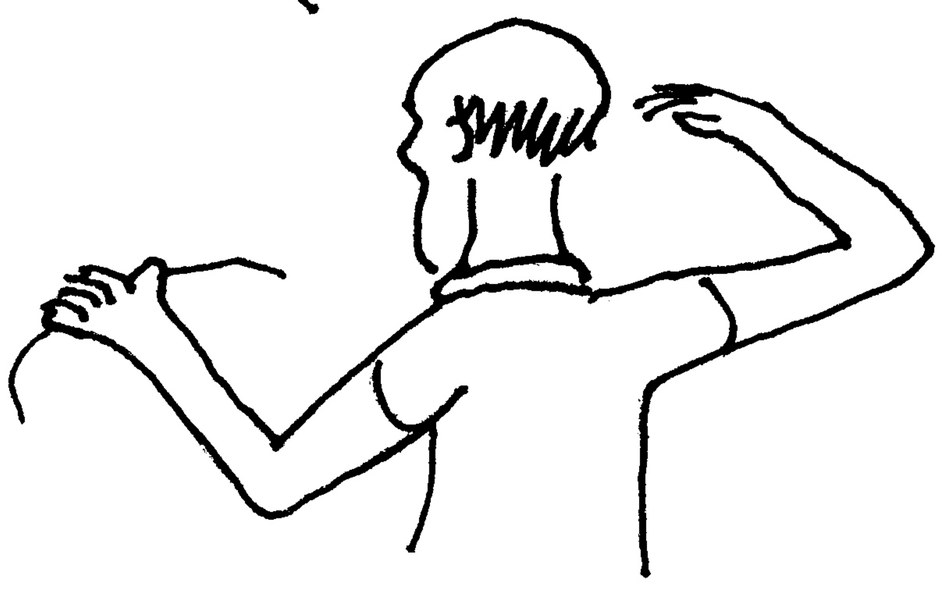
(

W...Whahahat? You're cute, guy, but you wouldn't make a dime with that flat ass.

(

Look, I really don't wanna fucking...

(

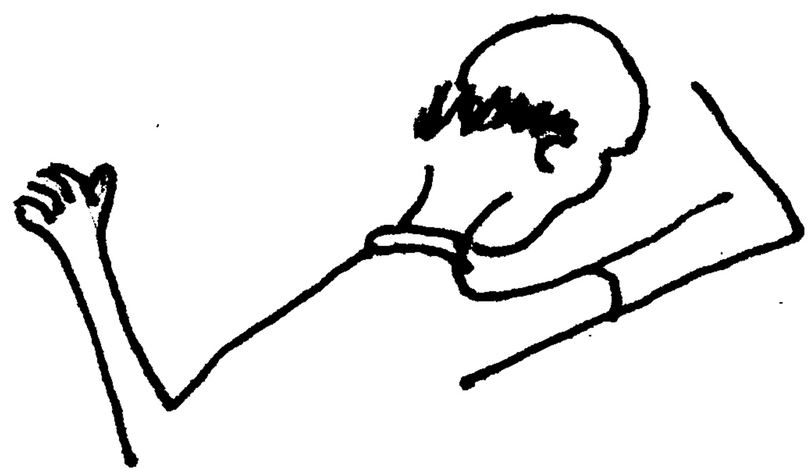


Shit, man, it's alright. Just give me a lift and I'll give you five thousand dollars.

(

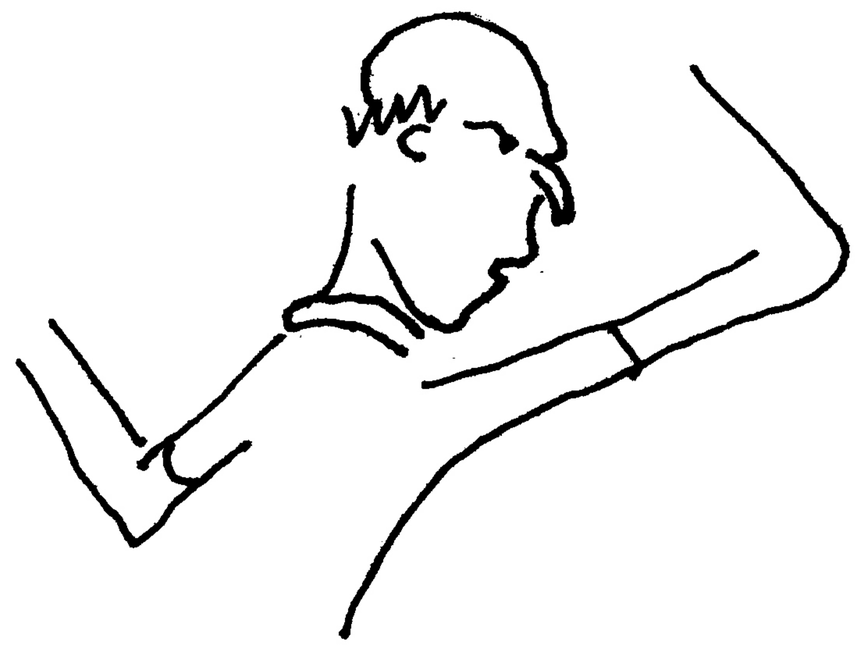
You're not even wearing any shoes

)



You think I'm screwing with you?

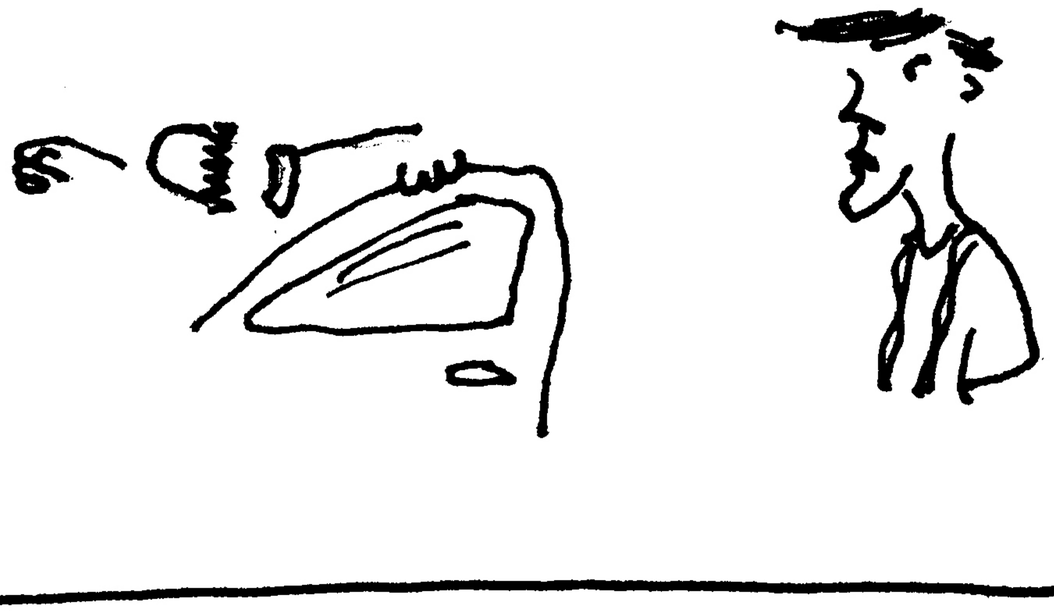
Show me the cash



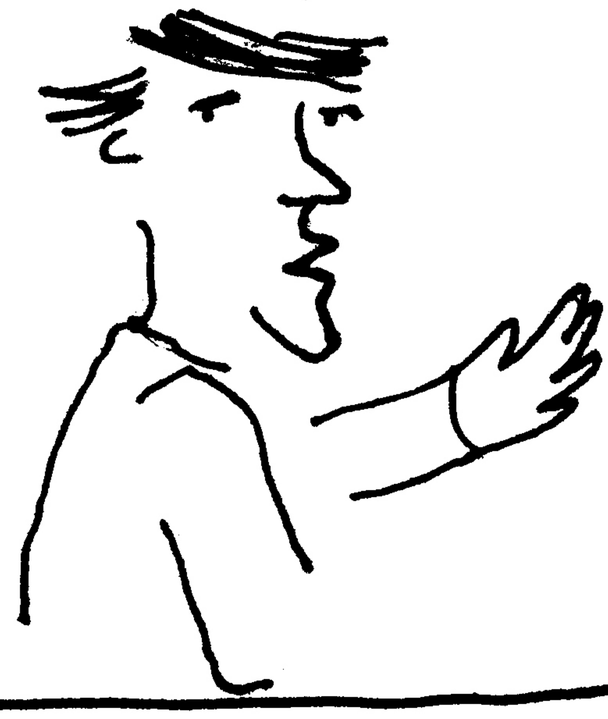
I'm about to ask you to drive me through the desert in this shitty car

(

If you broke down and I wasn't loaded, we'd both be stranded



You think I'm evil AND stupid? Okay, man, I can find someone else



Wait... Damn it, get in, whatever.

We don't need to talk on the way, right?

Just call the cops, man, I know they'll pick ME up.

I never thought this car would make it

You shouldn't have trusted me
